

Sunday, October 6 - Saturday, October 12, 2013

Construction Overview

- In the coming weeks, crews will continue work to reconstruct the south half of the Ortega Highway bridge and will complete several concrete pours as well as begin to erect falsework as early as the week of October 13. Full nighttime closures of the I-5 will be necessary to safely facilitate the construction of the bridge falsework and will begin in late-October / early-November. Nighttime closures of the northbound and southbound I-5 will not take place simultaneously, with only one direction of the freeway being closed at any given time. Specific closure schedules will be provided in future construction alerts.

Falsework is a temporary structure used in construction to support spanning or arched structures such as bridges in order to hold it in place until the structure can sufficiently support itself.

- With local schools in session, the I-5 / Ortega Highway team would like to remind everyone to plan ahead and allow extra time to commute to and from your destinations while in the construction area. Thank you for your continued patience while we work to improve the intersection!

While the Ortega Highway Bridge is under construction, the following can be used as detours:

- Junipero Serra Road
- Camino Capistrano
- Rancho Viejo Road
- La Novia Avenue
- San Juan Creek Road

Scheduled Closures & Detours

Regularly scheduled nighttime closure(s) from Sunday, October 6 through Saturday, October 12 include:

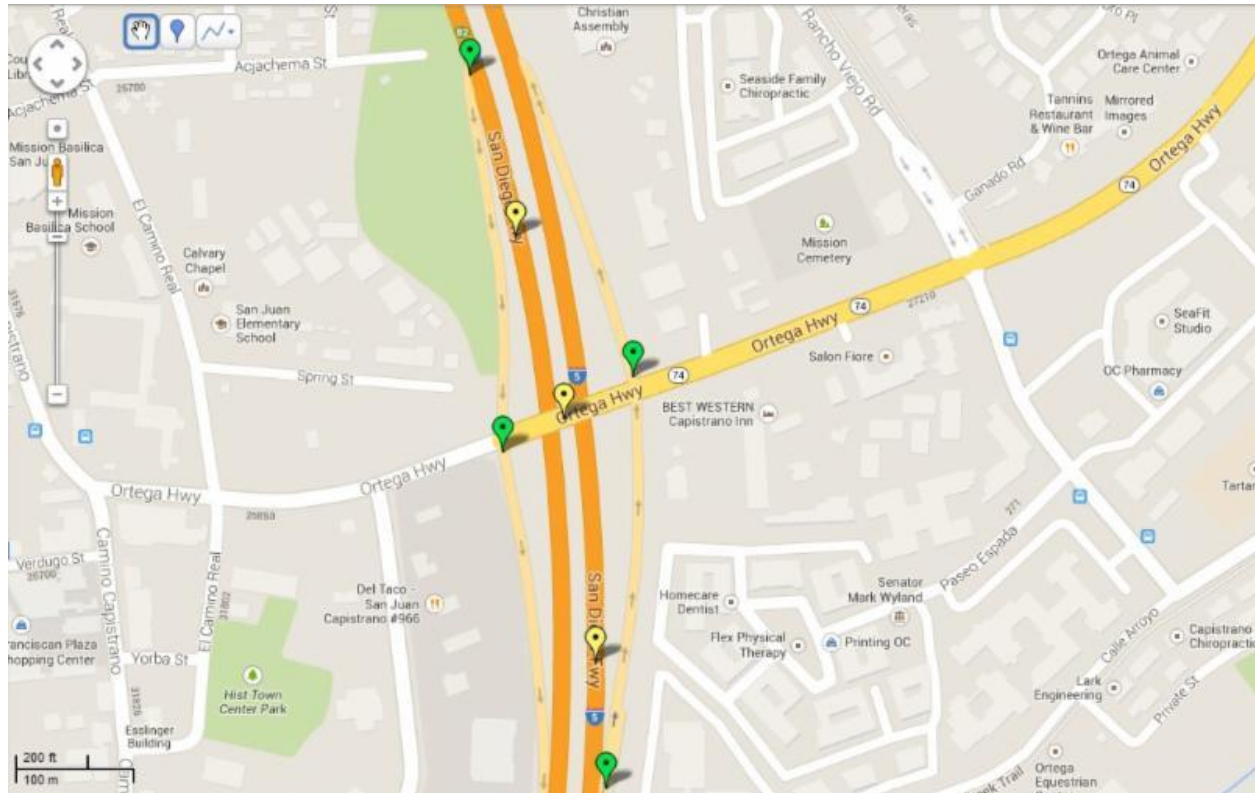

Lane Reductions:

- **Lane reduction on the northbound I-5 freeway between Camino Capistrano and Junipero Serra Road**
